Dear Mr. Cavallari,

Thanks for your good wishes. I'm getting along OK but as you can realize it has slowed me down, weakened me, and reduced what I'm able to do.

When you are in Washington you'll be welcome but call me from there first to be sure you don't pick a time when I have a medical appointment, etc.

Depending on traffic, especially road construction on the main road here, it will take an hour and 15 to 30 minutes to get here from the AARC office.

Inside Edition sent a satellite truck and crew here and told me they'd run the entire show on White and me but they filmed only about 10 minutes and as you know from having seen it reduced that enormously. Nothing anyone can do about such things.

Sincerely,

Harold
